

# **Essential Kinesiology Techniques for Muscle Testing Practitioners**

By Terry Larder

Table of Contents

# Section's Overview

**Acknowledgements**

**Prologue**

**Glossary i**

**Start As You Mean To Go On**

**Why Muscle Response Testing Works**

**A Blueprint for Client Management**

**Finger Modes**

**Circuit Retaining Mode**

**Hand Modes – Quick Reference**

**Rules for Therapy Localisation, Circuit Locating and Challenge**

**Stacking**

**1. Electromagnetic Imbalances and Corrections**

**2. Emotional Imbalances and Corrections**

**3. Biochemical Imbalances and Corrections**

**4. Structural Imbalances and Corrections**

**5. General Imbalances and Corrections**

**Quick Reference Tables**

# Electromagnetic Finger Mode Section

## **Electromagnetic Imbalances – The Start of Disease?**

Short cut for testing if electromagnetic imbalances are online

## **Cloacal Reflexes**

## **Hyoid**

## **Centring**

**To Test if the Person's Environment is Causing Them Stress**

## **Blood Chemistry**

## **Ionisation**

## **Alarm Points**

## **Scars**

**Chakras – Pre and Post Ganglionic Technique**

## **Aura Leaks**

## **Walking Gait**

**How to Reset the Biological Clock**

## **Pitch Roll Yaw and Tilt**

# Emotional Finger Mode Section

## **Addressing Matters of the Mind**

## **Verbal Challenges**

**Alarm Points and the Emotional Finger Mode**

**Techniques to Diffuse Negative Thoughts**

**Fundamental Conflict/Psychological Reversal**

## **Eye Rotations**

## **Temporal Tap**

## **Dispelling Fears & Phobias**

Rationale

A Great Anchoring Technique

## **Emotional Bruising Technique**

## **S.T.O. Technique**

**Summary of Addressing Matters of the Mind**

## **Spondygenic Reflex to the Diaphragm**

Imbalances That May Occur Simultaneously

.

# Biochemical Finger Mode Section

**What Does it Mean When the Biochemical Finger Mode Shows?**

**Why Give Nutrition?**

Nutritional Rewarding

Using Test Vials

**Vitamins in Foods**

**Minerals in Foods**

**Ridler's Reflexes**

**Digestive Insufficiency**

**Allergies**

**30 Second Allergy Balance**

**Use the Alarm Points to Identify Organs/Systems that Need**

**Nutritional Support**

**Toxicity Talk**

Liver Support.

Liver and Thymus Tap connection

Kidney Support

Lung Support

The Colon

The Skin as an Eliminary Organ

Extracellular Matrix

**Heavy Metal Toxicity**

How to Find and Address Heavy Metal Toxicity

Amalgam Removal

**Candida Albicans**

Candida Toxins

Addressing Candida Overgrowth

Immune System Weak

Leaky Gut

Beneficial Bacteria Deficiency

**Microbiome Finger Mode**

**Intestinal Parasites**

**Understanding Insulin**

.

# Structural Finger Mode Section

## **Ileocaecal Valve (ICV) Syndrome**

### **More on Peristalsis**

- Ileal Brake Challenge for Fats
- Ileal Brake Challenge for Carbohydrates
- Gastric-Colic Reflex

### **Balancing the Vagus Nerve**

### **Chronic Valves**

### **Sub Clinical Hiatal Hernia.**

### **Lateral Atlas**

### **Moving Bones**

### **How to Find a Spinal Misalignment**

### **Correcting a Spinal Misalignment**

### **Moving a Vertebra Using its Lovett 'Brother'**

### **Correcting a Vertebra Using Sound**

### **Fixations of the Vertebrae**

### **Ligament Stretch**

### **Spinal Torque**

### **Dural Torque**

### **Temporomandibular Joint Dysfunction**

- Masseter and Buccinator
- Temporalis Muscles
- Medial Pterygoids
- Lateral Pterygoids
- TMJ Protocol Summary
- How to Check Dental Splints..

### **Ligament Interlink**

### **Retrograde Lymphatics**

### **Anterograde Lymphatics**

### **Shock Absorber**

### **Use the Alarm Points to Find Muscles Involved with a Lesion**

- Reactive Muscles

### **Correcting the Sacrum**

- Sacral and 5th Lumbar Fixation

### **Cranial Faults**

- Methods to Find and Correct Unspecified Cranial Faults
- Sphenobasilar Compression Cranial Fault
- Inferior Occiput
- Universal Cranial/Occiput Fault
- Sagittal Suture Cranial Fault
- Temporo-sphenoid Line Fault (Pineal Gland Fault)
- Jammed Intermaxillary and Palatomaxillary Sutures
- Cranial Fault for Learning Disabilities
- Jammed Symphysis Menti

Glabella Cranial Fault  
Pituitary Gland Structural Fault  
Temporal Bulge Cranial Fault  
Parietal Descent

### **Pelvic Categories**

Category I  
Category II  
Category III

### **Pelvic Categories Quick Reference**

### **Uterine Lift and Functional Short Leg**

### **Cystitis Technique**

### **More on Muscles**

Surrogate Muscles  
Aerobic and Anaerobic Testing  
Fix it in Motion  
Sustained Testing  
Bilateral Piriformis May Indicate a Jaw Problem  
Bilateral Gluteus Maximus

# General Section

**Pre-stressing**

**Pulse Synchronisation**

**Injury Recall Technique**

**Testing the Endocrine System**

Pituitary

Thyroid

Thymus

Hypothalamus

Pineal

Parathyroids

Adrenals

**Procedures for Assessing and Correcting the Endocrine System**

How to Treat Endocrine Imbalances

Test for Adrenal Fatigue and Corrections That Don't Last

**Past Trauma Resolution**

**Beginning and End (B & E) Points**

'Changing the Fuse' with B & E Points

Additional Pointers

B & E Points and Neurotransmitter Production

B & E Points as a Correction in its Own Right

GV 20 as a Master B & E Point (Deal)

B & E Points, Injury Recall Technique and Emotions

B & E Points for Reducing Pain

**Lateral Sway**

**Peripheral Vision Technique**

**Vision – Far and Near Sightedness**

**Blood Pressure Balance**

**Universal Application of Sagittal Suture Spread and Tap**

**List of Protocols in Categories**

**List of Suggested Procedures**
